(c) to (e) The procedure for setting up schools would be through a plan allocation, budgetary provisions and the approval of the appropriate authorities in the Government. Kendriya Vidyalayas are opened on the basis of the location of Central Government employees in a particular area. The norm is the availability of 200 school going children from this category. The schools can also be opened for Government of India undertakings, which are totally funded by them. In addition, the schools require 15 acres of land free of cost and rent free temporary accommodation for school and staff quarters for at least 50% employees till the Kendriya Vidyalayas are in a position to construct its own buildings. Government is contemplating a proposal to seek the approval of Cabinet Committee on Economic Affairs for continuation of most of these schools and allocation of resources for them. The Government will ensure that the career of the students admitted in these schools are not jeopardized in any way.
